Summary of proposed changes:

Classes were reduced by doing the following:

S Classes (reduced from 13 to 9 classes)

- Combine S01, S02 and S03 into one class (S01). All early cars up through 1977 911, plus the early Boxster in one class.
- Combine S11 and S12 into one class (S09). All Cayenne, Panamera and Macan in one class.
- Combine S10 and S13 into one class (S08). Carrera GT, 918, Taycan moved to class with fastest GT cars.

P Classes (reduced from 10 to 7 classes)

- Combine P02 and P03 into one class (P02). We left P01 out in this case, but it could be combined as in the S Classes.
- Combine P06 and P07 into one class (P05). These might be left separate as they will probably grow.
- Combine P08 and P10 into one class (P06). Carrera GT, 918, Taycan moved to class with fastest GT cars.

I and M classes (reduced from 5 to 3 classes each)

- Combine I02 and I03 into one class (I02). Same for M02 and M03 (M02).
- Combine I04 and I05 into one class (I03). Same for M04 and M05 (M03).
